

NEW

Getting Started

with Complex Care

COURSE DESCRIPTION

Our Getting Started short courses are delivered as a single 2.5-hour individual remote training session with one of our experienced CDM Plus Trainers. Our sessions will use your current clinical software, including Best Practice, Medical Director, Communicare, and Zedmed to increase confidence to manage patients with Complex Care needs.

Getting Started with Complex Care is suitable for Nurses, Aboriginal Health Workers and Practitioners, Nurse Practitioners, Allied Health Practitioners, and GPs looking to improve Complex Care service delivery.

WHAT WE WILL COVER

- Complex care for primary care, aged care and community, and disability
- GP and PMP Case Conferences
- Allied Health Case Conferences
- Templates and Text Shortcuts
- Case studies
